

Fishy Friends

Fish come in many shapes and sizes. We will look at a big book about fish found in our Lake Michigan waters. We'll look up close at Rex, our mounted salmon, along with some "alien" fish. Then we'll make fishy crayon stencil rubbings and play in the Waterways Room!

This program meets the Wisconsin Model Academic Standards for English A4.2, A4.3, C4.2, C4.3,
Art C4.5, K4.1, K4.3
Science F4.1, F4.4

Before you come . . .

- Find books about freshwater fish from your library.
- Talk to a person who knows a lot about Great Lakes fish, such as a charter fisherman or fisheries biologist.
- Talk about the difference between freshwater and saltwater fish.
