## AMMENITIES

**Linens:** We have a small selection of linens in white, ivory, and navy. Chair covers are available in white for a more elegant look.

**Decorating:** We've partnered with a local rental company that has everything you need to create your wedding vision in either location. Items include: linens, lighting, draping, arches, plants, dance floor, decor, and more!

**Music:** Both spaces can accommodate a DJ, and the roof deck has space for a live band. Or, save money and create your perfect wedding playlist that can be hooked up to our sounds system.

**Tours for guests:** Do you have out-of-town guests or need something for guests to do between the ceremony and reception? The Museum galleries and sub can be added to your wedding package!

**Bar Service:** As a licensed facility, we provide a full bar with options for everyone. We offer a variety of spirits, beer, seltzer, and a large selection of non-alcoholic offerings. Many of our options are made in Wisconsin, including our tap beer from all our local breweries.
